Art & Design (Fine Art) A Level

Fine Art Creative Brief - Object / Space/ Artefact

Fine Art Course outline: A variety of drawing, painting, and other creative skills are the basis for creating exciting work on the Fine Art course. You will experiment and develop work using a range of materials which will enable you to produce fresh, exciting art pieces that challenge your own preconceptions and ideas. You will work in a broad range of mediums, from traditional drawing to painting, print, mixed media and photography, to textiles and sculpture. A broad study of a range of artists, designers and illustrators will enrich and inspire your own creative practice.

This will help you improve your drawing skills and overall ability to interpret and record what you see through different media. Hereford Art Department believe that every student has the potential to be creative in a personal and meaningful way; by choosing this course you will embark on the journey to become a fully functioning artist. You will need to be fully committed, work hard and be open to explore new approaches and ideas.

Summer Project Theme: Object / Space/ Artefact

The Brief: We ask that you explore the themes Object / Space/ Artefact through drawing, research and painting. You could look at objects with significance, history, interior spaces you inhabit or various natural or artificial objects. The idea of these tasks are for you to practise your practical skills and consider links to artists and possibly the meaning behind their work and your own. The first 4 tasks are compulsory, we will review these at the start of the course. Bring to your first lesson with us with a name on the back. The rest are optional.

We have also included some extension tasks. We ask that you do your best and show off your level of skills to the best of your ability. Each page may explore a different idea, or document a development, concluding in a final piece/response. The project will help you develop the creative, research and practical skills required for A Level study, in addition to being an outlet for you to express yourselves. Your work can be figurative, abstract, photographic, mixed media, there are no restrictions on your creativity.

If you are on Instagram you can upload images of your work tagging @hsfc.photo.art we can

TASK3: Produce

ADDITIONAL TASKS - OPTIONAL

EXTENSION - Task 1: Objects and Line

Choose an object with an interesting shape. This could be things you find around your house or its external surroundings. For example: plants, tools, crockery, shoes For this task, we are only interested in exploring line drawing, choose any media, but avoid

Work through these series of drawing challenges:

5-minute drawing: record as much information about your object in 5 minutes Continuous line: draw your object without taking your pen off the paper, describe it in one single line

Blind drawing: draw your object without looking at your piece of paper. To make it extra challenging, make it a continuous line drawing as well!

Opposite hand: use your non-dominant hand to draw your object

EXTENSION - Task 2: Tone / Value

- 1. Chromatic Scale Draw six squares in a line next to one another. Add increasing amounts of black paint to clear water to paint each successive square. The aim is to create a series of tints with equally spaced values/tones. Test each new tint on the edge of a separate piece of paper and hold this against the scale.
- 2. Create an exaggerated lit scene of either a face, interior or object using a lamp, light or angle poise or using brightly lit times of the day. Document this with a series of drawings and photographs to show the variation and changes in tone.

- 3. Drawing or photographing only shadow or light area of tone using negative and positive shadows or for example shapes created by pools of sunlight: Using only black and white chalks or oil pastels on a grey background, draw a still life
- 4. drawing from your own reflection with an exaggerated light source for example. Try to omit / not draw outlines and just draw areas of light using white or darker values of tone if depicting shadow and using charcoal or graphite sticks or pencils.
